

COURSE GUIDE – s h o r t f o r m

Academic year 2021-2022

Course name	Internship					Course code	2.IMAT.16.DD		
Course type	DD	Category	DI	Year of study	2	Semester	4	Number of credit points	4

Faculty	Material Science and Engineering	Number of teaching and learning hours							
Field	Material Engineering	Total	L	T	LB	P	IS		
Specialization	Material Engineering	120	-	-	-	-	-	120	

Pre-requisites from the curriculum	Compulsory	-
	Recommended	-

General objective	• Developing professional skills in the field of material investigation in training support
Specific objectives	• Appropriate and effective use of basic knowledge, criteria and methods specific to the field of Materials Science.
Course description	Internship

Assessment			Schedule	Percentage of the final grade (minimum grade)
Final assessment	Final assessment form	Colloquy	Session	100 %
	Oral Colloquy			

Course organizer	Lect. Ph.D. Eng., Oana RUSU	
Teaching assistants	Lect. Ph.D. Eng., Oana RUSU
